Project: HR Analytics Dashboard | Employee Attrition Analysis

Overall description:
A 4-page interactive Power BI dashboard that analyses employee attrition across 594 employees. It helps HR teams see who is leaving, when they leave and why, by breaking attrition down by job role, tenure, age, gender, marital status, department, overtime, business travel and salary. Slicers for Age Group, Department, Over Time and Gender filter every visual at once.

Skills used: Power Query (data cleaning, creating age groups and salary slabs), DAX measures (Attrition Rate, Attrition Count, Active Employees, Average Tenure, Average Monthly Income), Power BI visuals, slicers, drill-through and navigation buttons, dashboard design.
